NOTES:

Impact Healthcare REIT plc is a real estate investment trust ("REIT") which aims to provide shareholders with an attractive return, principally in the form of quarterly income distributions and with the potential for capital and income growth, through exposure to a diversified portfolio of UK healthcare real estate opportunities, in particular care homes for the elderly. The Group's investment policy is to acquire, renovate, extend and redevelop high quality healthcare real estate assets in the UK and lease those assets primarily to healthcare operators providing residential healthcare services under full repairing and insuring leases.

The Company has a progressive dividend policy with a target to grow its annual aggregate dividend in line with the inflation-linked rental uplifts received by the Group under the terms of the rent review provisions contained in the Group's leases in the prior financial year.

The Group's Ordinary Shares were admitted to trading on the main market of the London Stock Exchange, premium segment, on 8 February 2019. The Company is a constituent of the FTSE EPRA/NAREIT index.
